Independent Auditor's Report

To the Board of Directors of
Albuquerque Meals on Wheels, Inc.

I have audited the accompanying financial statements of Albuquerque Meals on Wheels, Inc., which comprises the Statements of financial position as of December 31, 2015 and 2014, and the related statements of activities and changes in net assets, cash flows and functional expenses for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Albuquerque Meals on Wheels, Inc. as of December 31, 2015 and 2014, and changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization Activity. Albuquerque Meals on Wheels, Inc. (MOW), located in Albuquerque, New Mexico is a not-for-profit organization formed in 1972. The mission of MOW is to nourish bodies and spirits with balanced meals and friendship. MOW prepares and delivers nutritious meals to homebound disabled and the elderly to help ensure their dietary health and other needs are met. There are no restrictions on age or disability, and clients may or may not be homebound while receiving services. MOW is currently the only home delivered meal program in the greater Albuquerque area preparing special medical diets.

MOW programs include a Low Income Medical Meal Program which provides meals to homebound clients at no charge, or at a reduced charge. These meals are subsidized by grants and donations, and clients' eligibility for this program is based on household income requirements. The mission of MOW is largely accomplished by the army of volunteers who deliver meals each day, and care for those on their routes. Currently, MOW serves over 122,000 meals annually.

Basis of Presentation. The accompanying financial statements are prepared in accordance with the Not-for-Profit Organizations Audit Guide issued by the American Institute of Certified Public Accountants. Net assets of Albuquerque Meals on Wheels, Inc. and changes therein are classified and reported as follows:

Unrestricted Net Assets. Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the board of directors.

Temporarily Restricted Net Assets. Net assets that are subject to donor-imposed stipulations that may or will be met by the occurrence of a specific event or the passage of time. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statements of activities as net assets released from restrictions.

Permanently Restricted Net Assets. Net assets required to be maintained in perpetuity, with only the income used for operating activities, due to donor imposed restrictions.

Contributions. Contributions received, including unconditional promises to give, are recorded in the year received. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Non-cash donations of goods are recorded at their estimated fair value at the date of donation.

Donated Services. Albuquerque Meals on Wheels, Inc. recognizes any donated services which require specific expertise to perform the services that otherwise would have been paid for if not donated. The value of such services is recorded at the fair value of such services. MOW receives a substantial amount of services donated by volunteers. No amounts have been reflected for those services since they do not meet the above requirements.

ALBUQUERQUE MEALS ON WHEELS, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment. Purchased property and equipment is recorded at cost. Donated property is recorded at the estimated fair value at the date of donation. Assets are capitalized that have a useful life in excess of two years and cost in excess of \$1,500. Maintenance, repairs and renewals, which neither materially add to the value nor appreciably prolong its life, are expensed. Depreciation on buildings and equipment is calculated on the straight-line method over the estimated useful lives of the assets. The estimated useful lives are five to seven years for furnishings, equipment and vehicles.

Functional Allocation of Expenses. The costs of providing services and various programs and supporting services have been allocated to functions in the Statements of functional expenses based on relative costs in each program or project. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Advertising. MOW uses advertising to promote its programs among the audiences it serves. The costs of advertising are expensed as incurred.

Income Taxes. The organization is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and is not considered a private foundation. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

MOW adopted FASB Accounting Standards Codification (ASC) 740-10, relating to accounting for uncertain tax positions. ASC 740-10 prescribes a recognition threshold and measurement process for accounting for uncertain tax positions and also provides guidance on various related matters such as derecognition, interest, penalties and disclosure required. MOW has no unrecognized tax benefit which would require an adjustment to the January 1, 2015 beginning balance of net assets and had no unrecognized tax benefits at December 31, 2015. MOW files an exempt organization return in the U.S. federal jurisdiction. MOW is no longer subject to income tax examinations by taxing authorities for years beginning before 2012 for its federal filings.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fair Value of Financial Instruments. In determining fair value, MOW uses various valuation approaches within the fair value measurement framework of accounting standards. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

Accounting standards establish a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The standards define levels within the hierarchy based on the reliability of inputs as follows:

ALBUQUERQUE MEALS ON WHEELS, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. This includes quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data.

Level 3 - Inputs are unobservable for the asset or liability. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

There are three general valuation techniques that may be used to measure fair value, as described below:

Market approach – Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sales transactions, market trades or other sources.

Cost approach – Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost).

Income approach – Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

NOTE 2. PLEDGES RECEIVABLE

During the spring each year, MOW is notified of the amount of allocation of United Way funds it will be receiving during the upcoming year from July through June. The amount of the expected funding from United Way is recorded as a pledge receivable in the year in which notification is received. It is recognized as temporarily restricted contributions in the statements of activities until funds are received, at which time it is recorded as a release from restriction.

Investment fees	(2,554)	(2,469)
	<u>\$ (1,911)</u>	<u>5,804</u>

NOTE 4. ALBUQUERQUE COMMUNITY FOUNDATION ENDOWMENT

MOW established a donor-restricted endowment fund at the Albuquerque Community Foundation (ACF) to be used to support the operations of MOW (Level 3). The funds are to be permanently set aside to provide resources for the benefit of MOW. The 2015 balance consists of permanently restricted principal contributions of \$44,683 plus \$11,554 of accumulated earnings temporarily restricted until distributed to support the operations of MOW. The 2014 balance consists of permanently restricted principal contributions of \$44,683 plus \$15,403 of accumulated earnings temporarily restricted until distributed to support the operations of MOW.

NOTE 5. DESIGNATED NET ASSETS

As discussed in Notes 3 and Note 9, The Board of Directors of MOW has established an endowment fund to help ensure the future of MOW. There were no donor restricted contributions to the endowment fund.

NOTE 6. TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets at December 31 are comprised of:

	2015	2014
Pledges receivable (time restricted):		
United Way of Central NM	\$ 35,002	37,089
Anderson Foundation	-	25,000

NOTE 6. TEMPORARILY RESTRICTED NET ASSETS (CONTINUED)

Releases of temporarily restricted net assets at December 31 are comprised of:

	2015	2014
Low Income Medical Meals Program	\$ 208,770	143,468
Social Purpose Workplace Initiative	-	22,115
Pet Food Program	4,273	2,881

Other	945	-
Albuquerque Community Foundation distribution	1,812	-
	<u>\$ 217,828</u>	<u>169,563</u>

NOTE 7. DONATED SERVICES AND FACILITIES

MOW has an agreement with Presbyterian Health Care Services (PHCS) to lease the office and kitchen facilities in which they conduct their operations. The terms of the lease include annual rent of \$1.00 per year. Additionally, PHCS pays the utilities associated with the leased space and the cost of postage. The difference between the fair market value of the facility rent and utilities and the amount paid is recorded as a non-cash contribution and as occupancy expense. In addition, volunteers use their own vehicles to provide meals to the MOW clients, a cost which would be required to be paid by MOW if not donated. During the year ended December 31, 2015, MOW reported \$150,708 of donated rent and utilities, \$4,380 of donated postage, and \$49,664 of donated vehicle mileage costs. Other donated goods and services during 2015 totaled \$2,290. During the year ended December 31, 2014, MOW reported \$145,537 of donated rent and utilities and \$65,567 of donated vehicle mileage costs. The following is a schedule of unrecorded hours donated to MOW during the year, by area:

Coordinators	2,756
Drivers	19,500
Kitchen office	1,560
Kitchen	<u>6,500</u>
Total	<u>30,316</u>

NOTE 8. CONCENTRATION OF RISK

As previously noted, Presbyterian Hospital donates the facilities used by MOW to conduct its operations. If this support were to end, the services provided by MOW could be significantly reduced in scope.

Additionally, MOW has a contract to provide meal services for a local adult daycare program. During 2015 and 2014, this contract provided approximately 32% and 30%, respectively, of all program service revenue. If this contract were to terminate, the services provided by MOW could be significantly reduced in scope.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. ENDOWMENTS

Effective July 1, 2009, the State of New Mexico enacted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), the provisions of which apply to funds existing on or established after that date. MOW adopted the provisions of FASB Staff Position FAS 117-1, *Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and*

Enhanced Disclosures for All Endowment Funds (FSP 117-1). FSP 117-1 provides guidance on the net asset classification of donor restricted funds for a not-for-profit organization that is subject to an enacted version of UPMIFA and also required disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds.

The MOW endowment consists of funds designated by the Board of Directors to function as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

(a) Interpretation of Relevant Law

Based on the interpretation of UPMIFA by the Board of Directors of MOW, the guidance in FSP 117-1, and absent explicit donor stipulations to the contrary, MOW classifies the endowment contributions made at the direction of the donor as permanently restricted net assets. The remaining portion of any donor-restricted endowment funds that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by MOW in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, MOW considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of MOW and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of MOW
7. The investment policies of MOW

(b) Funds with Deficiencies

From time to time, the fair value of assets associated with an individual donor-restricted endowment fund may fall below the original value of the fund. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets. MOW currently has no such deficiencies.

NOTE 9. ENDOWMENTS (CONTINUED)

(c) To fulfill the stated objectives of the endowment, current funds, as well as future contributions made to the endowment, will remain invested for long term growth until such time as the board shall determine that all or part of the endowment shall be used to provide an income stream for specific MOW operational expenses. Under this policy, as approved by the Board of Directors, the endowment assets are invested with the care, skill, prudence, and diligence under circumstances then prevailing that a prudent investor acting in like capacity and familiar with such matters would use in the investment of a fund of like character and with like aims. Investment of each fund shall be so diversified as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so. All donor-restricted endowment contributions have been invested with the Albuquerque Community Foundation (ACF). As a result of the irrevocable transfer, the spending policy and investment objectives of the endowment are determined by the Board of Directors of the ACF. Accordingly, the amount and timing of distributions to MOW are determined by the ACF, although MOW may elect to receive all or part of each distribution.

(d) *Strategies Employed for Achieving Objectives*

To satisfy its long-term rate-of-return objectives, MOW relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). MOW targets a diversified asset allocation, with a goal to protect the purchasing power of the assets from inflation. Total return is expected to outperform a benchmark composite return for a similar asset mix.

(e) *Spending Policy and How the Investment Objectives Relate to Spending Policy*

To fulfill the stated objectives of the endowment, current funds, as well as future contributions made to the endowment, will remain invested for long term growth until such time as the board shall determine that all or part of the endowment shall be used to provide an income stream for specific MOW operational expenses.

The board may choose to utilize or borrow funds from the endowment in the event of “extraordinary circumstances or opportunity”. Such an event must be deemed a necessary or of significant benefit to the long term health of MOW.
